5.2 Proposals which are late / vague / conditional / incomplete / not conforming to the laid down procedure in any respect shall be rejected.

5.3 Evaluations of proposals / bids shall be only on basis of information provided by the Applicants in the proposals, or any additional information provided by the Applicants against specific requests for clarifications asked by NAFED during the evaluation process.

5.4 The Evaluation Committee will check if the Applicant has deposited RFP Document Fee and the EMD along with the pre-qualification Proposal and the same are found to be in order.

5.5 The documentation furnished by the Applicant as given in Minimum Eligibility Criteria for RFP will be examined *prima facie* to see if the Applicant’s capacity, skill base and other Applicant’s attributes as claimed therein are consistent with the needs of this project.

5.8 The Technical Evaluation Committee (TEC) constituted by NAFED may invite qualified Applicants to make a presentation on a date, time and venue determined by NAFED to make a presentation of their Proposal. The purpose of such presentations would be to allow the Applicants to present their methodology, unique capabilities if any, the project plan and governance structure and the quality of the project team, etc.

5.9 The presentation of the Proposal should be made by the proposed Program/Project Manager of the Applicant for this Project with some of the key team members to support the Project Manager as part of the presentation team, instead of the sales representative or the senior executive of the organization.

5.10 The Technical Presentation must include the following:

- Proposed Distribution Network Infrastructure
- Proposed Team Composition

3. Clarifications During Evaluation of Proposals

6.1 During the time of the evaluation of the Proposals/Bids, NAFED may seek clarifications from the Applicant on specific items in the proposals / bids submitted by them. All such clarifications will be sent to the contact persons indicated in the proposal either by email or in person in given time.

6.2 The primary role of clarifications in the evaluation process is to clarify ambiguities and uncertainties arising out of the evaluation of the Proposal documents. The clarifications provide the opportunity for NAFED to state its requirements clearly and for the Applicant to more clearly state its proposal.

6.3 If such clarifications are oral in nature, they will only be considered in the form of minutes of the meeting duly signed/agreed to by all participants.

6.4 The Applicant has the option to respond or not respond to these queries. If the Applicant fails to respond within the stipulated time period, NAFED has the right to make assumptions on the Proposals/Bids submitted by the Applicant and if such assumptions lead to disqualification of the Proposals/Bids, NAFED is not accountable for these omissions.

6.5 All the responses to the clarifications will be part of the Proposal of the respective Applicants, and if the clarifications are in variance with the earlier information in the proposal, the information provided in later stages will be the part of the contract for implementation between Applicant and NAFED.

6.6 Evaluation of Proposals/Bids will be only on basis of information provided by the Applicants in the proposals, or any additional information provided by the Applicants against specific requests for clarifications sent by NAFED during the evaluation process.

- 7.2 In deciding the final selection of the agency, the technical bid of the proposal will be given a weightage of 70% and the financial bid will be given a weightage of 30%.
- 7.3 The financial bids of only those bidders who qualify for the technical evaluation will be opened.

Weightage for Margin % from sales of NAFED Bazaar (**M_L**): 30%

Weightage for Margin % for sales of NAFED Cafes (**M_S**): 70%

Composite margin % for calculating the Financial Score (F): $(M_L * 0.3) + (M_S * 0.7)$

- 8.3 The proposal with the highest cost (margin %) will be given a score of 100 and the other proposals will be scored on a pro-rata basis, inversely proportional to the offered financial bid i.e., lower marks for lower priced offers.

- 8.4 The Financial score of each Applicant shall be assigned as follows:

$$F = (F_A / F_{\max}) * 100$$

Where F = Financial Score of the Applicant, F_A = Composite Margin % of the Applicant,

F_{\max} = Highest Composite Margin % Received

- 8.5 **TOTAL SCORE:** (on QCBS basis) The total score shall be obtained by weighing the quality and cost scores and adding them.

$$\text{Total Score} = \text{Technical Score of the Applicant} * 70/100 + \text{Financial Score of the Applicant} * 30/100$$

- 8.6 The Applicant with the highest total score shall be declared as the Successful Applicant.
